BAR EXAMINERS ARE TIED
UP IN SNOW ON PLAINS

Las Cruces, N. M., Feb. 25.—Jose D. Sena, former mayor of Santa Fe and secretary of the territorial Republican central committee, is in the city, the guest of A. J. Adair. Mrs. Sena has been visiting there for the past few days. Mr. Sena came from Roswell, where he attended, as secretary of the examining board, a bar examination. W. C. Alexander, Jr., and J. D. Mell passed. The board is composed of Charles Catron, of Santa Fe; Julius Strub, of Albuquerque, and W. J. Lucas, of Las Vegas. After the examination the members of the board started on the automobile route for Clivia, where they expected to take the train for home, but after getting about 25 miles out of Roswell, they were unable to proceed on account of the heavy snow and had to return and take the train home. The snow is from two to four feet thick north of Roswell, getting heavier as the road gets farther north.

SCARCITY OF COWS ON RANGES.

Las Cruces, N. M., Feb. 25.—On account of the recent rains and snows and the consequent improvement of the ranges the cattlemen are all anxious to buy cows, a number of buyers being in the valley and in western Texas from Arizona. On the ranges here there are practically no cows at all. W. W. Cox, Jeff Isacks and C. T. Turney, the three largest owners in this section, reporting less than 200 between them. ENDEAVOR SOCIAL IS HELD
AT AGRICULTURAL COLLEGE

Agricultural College, N. M., Feb. 25.—The Christian Endeavor social at the Mesilla Park schoolhouse was in every way a successful affair. Many young people were present, notwithstanding the undesirable weather. The social committee had the plans for entertainment well laid out and all enjoyed themselves to the utmost. A number of games were played during the evening—one of the most amusing events being the composition of poetry describing some partaker in the room. The K. G. O. members held a parliamentary discussion as usual. The question of the evening dealt with amendments and the previous question, and proved a useful and important lesson. Dr. R. E. RESULTS TELL

Our success in the treatment of Chronic Diseases is due principally to the fact that in every case we make a thorough, searching examination, which brings to light the true nature and extent of the trouble, then by removing the cause and toning up the weak organs and tissues prompt and satisfactory results are attained. Our offices are specially equipped with the most modern devices for the treatment of all diseases included in our specialty; this is another important matter in the treatment of disease. Again we do not confine ourselves to any one school of practice, our success is due to our combined knowledge of all the schools, isms and paties, and last, but not least, our fees are always reasonable, our services therefore within the reach of every sick man or woman. CONSULTATION, EXAMINATION AND ADVICE IS GIVEN FREE OF CHARGE and without obligation. WE EXTEND AN INVITATION TO ALL CHRONIC SICK PEOPLE to call at our offices, no matter if failure has attended your efforts in the past, we may be able to help you. We will at least deal squarely with you, and if curable treat you reasonably; if not we will tell you so.

WE DEVOTE OUR ENTIRE TIME AND ATTENTION TO THE TREATMENT OF CHRONIC NERVOUS, BLOOD, SKIN, KIDNEY, BLADDER, RECTAL AND PRIVATE DISEASES.

WE CURE RUPTURE—Any case that can be retained with any kind of truss. In view of the fact that there are so many fake cures advertised for this trouble we would advise that you call for examination and we will, with their permission, give you the names of prominent people in and out of the City, whom we have cured without pain, operation or detention from business.

STRICTURE—Should never be cut or sounded, they are due to the presence of scar tissue, cutting only aggravates the trouble by increasing this tissue and nothing but temporary relief can be obtained. The treatment we administer is practically painless, the canal is left perfectly normal and THE CURE PERMANENT IN EVERY CASE.

HYDROCELE AND VARICOCELE, we cure in thirty minutes, the treatment being painless, bloodless and always successful. In the treatment of LOSS OF VIGOR, NEURASTHENIA, PALSY AND EPILEPSY, we have succeeded in perfecting a scientific combination of Animal Extracts, called ORCO-GE, that is effecting some wonderful cures, medicines in these cases are rarely beneficial and at best afford only temporary relief, the results obtained from Orco-ge have proven permanent, we are the sole owners of this preparation and will take pleasure in explaining fully what it is and how it produces results.

FREE BOOKS—Describing all these diseases which we treat, how we treat them, with an interesting article on the prevention of certain diseases, will be sent to any address in a plain sealed envelope, if when writing you will give a history of your trouble and mention this paper.

WORST WEATHER ALPINE HAS KNOWN IN A VERY LONG TIME

Murder Case Is Transferred to Kinney—Steers Are Sold—County Tax Is 37 Cents.

Alpine, Tex., Feb. 25.—The great rains which broke the three years' drought have been followed by the coldest weather known in this section for years. Snow and sleet have been falling slowly, but almost continuously for the past three days. Cattle are weathering it very well, and the later benefit to the range is incalculable. Farmers say this puts the best "season" in the ground they have ever known here. The late fruit, which blossomed before the freeze, is all lost; but there will undoubtedly be plenty of early fruit, which is put back in sap sufficiently to insure safety.

Brewster county commissioners, just adjourned, fixed the county tax rate at 37 cents on the \$100 valuation. The designation of a county depository was left in abeyance, only two bids having been received, and these being exactly the same.

The case of O. E. Lochman, charged with the murder of Edgar Reed at Marathon, and transferred to Kinney county, will be called for trial at Brackett on March 27.

M. H. Gossett and his family have arrived from Rule, Tex., and taken charge of Ed Garnett's big tourist hotel.

Boss Miller and wife have returned from Yaukum to make their future home in Alpine.

Benjamin F. Stewart has been appointed court stenographer for the 52nd judicial district and will make Alpine his western headquarters.

Newt Gourley has sold his big steers at Valentine to Jim Taylor.

Better Than Spanking.

Spanking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W., Notre Dame, Ind., has sent free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
